Summary

Aspiring software developer with a solid foundation in programming and problem-solving. Committed to creating efficient solutions and enhancing technical skills for impactful contributions in development projects.

Experience

Intern – Technical Hub Pvt Ltd
May 2025 – June 2025
- Worked on HTML, CSS, responsive design; basics of React Native.
- Contributed to DreamConnect (UI/UX and navigation).
- Gained practical experience in front-end development and teamwork.

Projects

DreamConnect – Front-End Developer (HTML, CSS)
Project Link
- Built a responsive platform for posting, tracking, and sharing personal goals.
- Designed an interactive DreamWall and community section to boost collaboration.
- Focused on clean UI/UX with smooth navigation and accessibility.
- Added categorized dream posting (e.g., travel, career) with progress tracking.

Planurise – Front-End Developer (HTML, CSS, JavaScript)
Project Link
- Developed an event-planning platform for birthdays, weddings, farewells, and corporate functions.
- Integrated real-time budget tracking with venue, food, décor, and entertainment options.
- Implemented guest list management, invitation system, and flexible payment options.
- Centralized event planning to simplify management and prevent overspending.

Certifications

Global Certifications:
- Java – Oracle Academy
- HTML & CSS – Pearson IT Specialist
- RHCSA – Red Hat Certified System Administrator

Other Certifications:
- C – Cisco Networking Academy
- Python – Cisco Networking Academy
- Operating System – Cisco Networking Academy

Skills

Programming Languages: C, C++, Python, Java

Web Technologies: HTML, CSS, JavaScript

Databases: Oracle SQL, MySQL

Operating Systems: Linux

Version Control: Git

Core Areas: Data Structures and Algorithms

Education

Aditya Engineering College
Surampalem, AP
B.Tech, CSE
2023–2027
CGPA: 9.44

Coding Profiles & Achievements

- Solved 230+ problems on LeetCode
- 2-Star on CodeChef (250+ problems)
- 150+ problems on GeeksforGeeks
- HackerRank: 5 star in C++ & SQL, 4 star in C & Python

Technical Interests

Competitive Programming, Full-Stack Development

Languages

English, Telugu, Hindi

Strengths

- Strong problem-solving and analytical skills
- Team-oriented, adaptable, and quick to grasp new technologies
